[A Concise History of the Russian Revolution](#) Richard Pipes,2011-04-27 An authoritative history of the Russian Revolution and the violent and disruptive acts that created the first modern totalitarian regime, portraying the crisis at the heart of the tsarist empire A deep and eloquent condemnation of the revolution and its aftermath. —The New York Times Drawing on archival materials released in Russia, Richard Pipes chronicles the upheaval that began as a conservative revolt but was soon captured by messianic intellectuals intent not merely on reforming Russia but on remaking the world. He provides fresh accounts of the revolution's personalities and policies, crises, and cruelties, from the murder of the royal family through civil war, famine, and state terror. Brilliantly and persuasively, Pipes shows us why the resulting system owes less to the theories of Marx than it did to the character of Lenin and Russia's long authoritarian tradition. What ensues is a path-clearing work that is indispensable to any understanding of the events of the century.

Lizzie Bright and the Buckminster Boy Gary D. Schmidt,2004-05-24 A 2005 Newbery Honor Book It only takes a few

hours for Turner Buckminster to start hating Phippsburg, Maine. No one in town will let him forget that he's a minister's son, even if he doesn't act like one. But then he meets Lizzie Bright Griffin, a smart and sassy girl from a poor nearby island community founded by former slaves. Despite his father's-and the town's-disapproval of their friendship, Turner spends time with Lizzie, and it opens up a whole new world to him, filled with the mystery and wonder of Maine's rocky coast. The two soon discover that the town elders, along with Turner's father, want to force the people to leave Lizzie's island so that Phippsburg can start a lucrative tourist trade there. Turner gets caught up in a spiral of disasters that alter his life-but also lead him to new levels of acceptance and maturity. This sensitively written historical novel, based on the true story of a community's destruction, highlights a unique friendship during a time of change. Author's note.

The Time Traveler's Guide to Elizabethan England Ian Mortimer,2013-06-27 The author of The Time Traveler's Guide to Medieval England takes you through the world of Shakespeare and Queen Elizabeth I From the author of The Time Traveler's Guide to Medieval England, this popular history explores daily life in Queen Elizabeth's England, taking us inside the homes and minds of ordinary citizens as well as luminaries of the period, including Shakespeare, Christopher Marlowe, Sir Walter Raleigh, and Sir Francis Drake. Organized as a travel guide for the time-hopping tourist, Mortimer relates in delightful (and occasionally disturbing) detail everything from the sounds and smells of sixteenth-century England to the complex and contradictory Elizabethan attitudes toward violence, class, sex, and religion. Original enough to interest those with previous knowledge of Elizabethan England and accessible enough to entertain those without, The Time Traveler's Guide is a book for Elizabethan enthusiasts and history buffs alike.

Gilgamesh Stephen Mitchell,2014-02-27 Vivid, enjoyable and comprehensible, the poet and pre-eminent translator Stephen Mitchell makes the oldest epic poem in the world accessible for the first time. Gilgamesh is a born leader, but in an attempt to control his growing arrogance, the Gods create Enkidu, a wild man, his equal in strength and courage. Enkidu is trapped by a temple prostitute, civilised through sexual experience and brought to Gilgamesh. They become best friends and

battle evil together. After Enkidu's death the distraught Gilgamesh sets out on a journey to find Utnapishtim, the survivor of the Great Flood, made immortal by the Gods to ask him the secret of life and death. Gilgamesh is the first and remains one of the most important works of world literature. Written in ancient Mesopotamia in the second millennium B.C., it predates the Iliad by roughly 1,000 years. Gilgamesh is extraordinarily modern in its emotional power but also provides an insight into the values of an ancient culture and civilisation.

Lakeland: Lakeland Community Heritage Project Inc., 2012-09-18 Lakeland, the historical African American community of College Park, was formed around 1890 on the doorstep of the Maryland Agricultural College, now the University of Maryland, in northern Prince George's County. Located less than 10 miles from Washington, D.C., the community began when the area was largely rural and overwhelmingly populated by European Americans. Lakeland is one of several small, African American communities along the U.S. Route 1 corridor between Washington, D.C., and Laurel, Maryland. With Lakeland's central geographic location and easy access to train and trolley transportation, it became a natural gathering place for African American social and recreational activities, and it thrived until its self-contained uniqueness was undermined by the federal government's urban renewal program and by societal change. The story of Lakeland is the tale of a community that was established and flourished in a segregated society and developed its own institutions and traditions, including the area's only high school for African Americans, built in 1928.

All Rivers Run to the Sea Elie Wiesel,1996-10-22 In this first volume of his two-volume autobiography, Wiesel takes us from his childhood memories of a traditional and loving Jewish family in the Romanian village of Sighet through the horrors of Auschwitz and Buchenwald and the years of spiritual struggle, to his emergence as a witness for the Holocaust's martyrs and survivors and for the State of Israel, and as a spokesman for humanity. With 16 pages of black-and-white photographs. From the abyss of the death camps Wiesel has come as a messenger to mankind—not with a message of hate and revenge, but with one of brotherhood and atonement. —From the citation for the 1986 Nobel Peace Prize

The Fall of the House of Usher Edgar Allan Poe,2016-12-12 Why buy our paperbacks? Standard Font size of 10 for all books High Quality Paper Fulfilled by Amazon Expedited shipping 30 Days Money Back Guarantee BEWARE of Low-quality sellers Don't buy cheap paperbacks just to save a few dollars. Most of them use low-quality papers & binding. Their pages fall off easily. Some of them even use very small font size of 6 or less to increase their profit margin. It makes their books completely unreadable. How is this book unique? Unabridged (100% Original content) Font adjustments & biography included Illustrated About The Fall Of The House Of Usher: By Edgar Allan Poe The story begins with the unnamed narrator arriving at the house of his friend, Roderick Usher, having received a letter from him in a distant part of the country complaining of an illness and asking for his help. As he arrives, the narrator notes a thin crack extending from the roof, down the front of the building and into the lake. Although Poe wrote this short story before the invention of modern psychological science, Roderick's condition can be described according to its terminology. It includes a form of sensory overload known as hyperesthesia (hypersensitivity to textures, light, sounds, smells and tastes), hypochondria (an excessive preoccupation or worry about having a serious illness) and acute anxiety. It is revealed that Roderick's twin sister, Madeline, is also ill and falls into cataleptic, deathlike trances. The narrator is impressed with Roderick's paintings, and attempts to cheer him by reading with him and listening to his improvised musical compositions on the guitar. Roderick sings The Haunted Palace, then tells the narrator that he believes the house he lives in to be alive, and that this sentience arises from the arrangement of the masonry and vegetation surrounding it.

World History and Geography California. Dept. of Education,1994-01-01 This document is a response to teachers' requests for practical assistance in implementing California's history-social science framework. The document offers stimulating ideas to enrich the teaching of history and social science, enliven instruction for every student, focus on essential topics, and help make learning more memorable. Experiences and contributions of ethnic groups and women in history are integrated in this course model. The framework is divided into 11 units: (1) Connecting with Past Learnings: Uncovering the Remote Past; (2) Connecting with Past Learnings: the Fall of Rome; (3) Growth of Islam; (4) African States in the Middle Ages and Early Modern Times; (5) Civilizations of the Americas; (6) China; (7) Japan; (8) Medieval Societies: Europe and Japan; (9)

Europe During the Renaissance, the Reformation, and the Scientific Revolution; (10) Early Modern Europe: The Age of Exploration to the Enlightenment; and (11) Linking Past to Present. Six of the 11 units delineated in the framework's 7th grade course description are developed in these course models. All units follow the same format. Each begins with a rationale and overview. Ways are suggested for teachers to coordinate the model with the state-adopted textbook for 7th grade. A presentation of activities to introduce and continue the sample topic are suggested to encourage students to apply what they have studied through projects. Each unit ends with an extensive annotated list of sample resources. (DK)
