

The Teachings Of The Shining Ones Paperback

C. A. E. O'Brien, Barbara Joy O'Brien

The Teachings of the Shining Ones Lynn Hall, 2006-09 'Different authors have written many books on the subject of the Shining Ones. Each account is contrary to the last, perhaps leaving a feeling of confusion amongst the general readership of so-called New Age books. 'I have been channeling the Shining Ones since 1988 and through a series of teachings I have pieced together this collection, which will explain exactly who the Shining Ones are and how they can help us on our journey through life.' Lynn Hall

The Kingdom of the Shining Ones Flower A. Newhouse, 2013-10 This is a new release of the original 1955 edition.

The Shining Ones Chandra Easton, 2023-11-06 The Shining Ones is an anthology of the Angels of Earth. Thousands of Angels, Celestial, and Inter-Galactic Beings, either reside within our realm, or have come to earth in response to our call, at our time of need. They bring their Beauty, Grace, Healing, Light, Protection, Joy, Comfort and Hope to us all. It is an amazing book with information that has never before been gathered together in one place - much of which has probably never appeared anywhere before! Beautifully written too.

The Shining Ones Philip Gardiner, Gary Osborn, 2012-01-01 The story of the mysterious, ancient priesthood with a mission to preserve their secret knowledge to help humanity - but also to control the development of the world.

The Shining Ones Philip Gardiner, 2002 For many years now there has been an upsurge in revelation stories and alternative viewpoints on man's history. People such as Graham Hancock and Lawrence Gardner have brought to light many new ideas and many new problems. Now there is a new theory which is all-encompassing and clearly brings into focus a more sinister reason behind the emergence of civilisation. In his theory on Atlantis Graham Hancock is receiving much admiration and academic acclaim. Standard academic thought is more towards the spontaneous eruption of civilisation across the globe, with little or no explanation of why there are so many similarities between the cultures. Now, Philip Gardiner, in his new book THE SHINING ONES is set to turn even this upon its head. The theory is so simple that it begs the question, why has it not been thought of before? The reason for universal similarity of architecture, language, art, travel and religious belief is quite simply an ancient and secret religious brotherhood who have hidden themselves deep within the symbols, ciphers and codes of our ancient texts for hundreds of years. They held a secret knowledge and power base which spread with them across the globe. The very title that they have given themselves is hidden within the standard text and religious books we use

every day -- The Shining Ones. Put like this, the whole thing can sound like an X-Files conspiracy theory. However the author has invested huge amounts of time and energy checking, researching and seeking the advice of academics. Now the theory is attracting the attention of historians who can see that the patterns are as subtle as this author proposes. The fact is, this theory does explain away all the problems with dating and variations that people such as Hancock have come up against. Many academics and especially Egyptologists are now turning to this way of thinking and with Gardiners spirit and broad knowledge in history and language the history of the ancients and the secrets that they hold are becoming more clear. There are of course dissenters. The author has been accosted for his standpoint and there are still those hardened academics and even non-academics who refuse to even listen. However, there is a major TV documentary in pre-production stages and with interviews planned across the nation on radio and TV the message may soon be accepted as a credible theory.

The Shining Ones Chike Momah,2010-03 Christian Chike Momah was born on October 20, 1930 to Sidney and Grace Momah, of Obiuno, Otolu, Nnewi, Nigeria. He was educated at the St. Michael's (C.M.S.) School, Aba; the Government College, Umuahia; and the University College, Ibadan, where he earned a Bachelor's degree in History, English and Religious Studies in 1953. In 1959, he obtained the Associateship of the Library Association from the University College, London.

The Shining Ones: The World's Most Powerful Secret Society Revealed Philip Gardiner Co-Author, Gary Osborn,2011-12-21 The Shining Ones were members of an advanced culture that was almost lost; but their wisdom and their power survived. They preserved the secrets of their advanced knowledge in mythology and legend; they embedded their secret codes in symbolism in art, architecture, the mystery traditions and literary works - including the Bible. The authors have found traces of the influence of The Shining Ones in all the major religions with roots in the ancient world. Gardiner and Osborn have discovered that their secrets and rituals have been hidden and preserved through the centuries, by the Knights Templar, the Rosicrucians and the Freemasons to the present day. Furthermore, they believe that the evolution of civilization has been manipulated by a secret and powerful group of initiates descended from The Shining Ones. They can identify their influence behind science, religion, mysticism and philosophy - and, of course, in the arena of powerful politics. This is an extraordinary story of intrigue and power play at a very human and political level. But it is also the revelation that the Shining Ones had knowledge of the deep spiritual truth that lies at the heart of mankind's yearning for an understanding of the meaning of life and to achieve salvation.

The Shining Ones David Eddings,2006 Before Queen Elhana took a hand in educating him, the Tamul Emperor Sarabian was a mere puppet ruler. His vast territories were prey to insurrection; Sparhawk and the giant Atans crushed one such rebellion within the gates of the pearl-bright Tamul capital Matherion. But yet greater turmoil threatens Sarabian as Trolls, Gyrgai, vampires, zombies, ghouls and Ogres form a vast conspiracy to take over the Empire. Most disturbing of all are reported sightings of Shining Ones amongst the hordes. These luminous beings inspire more fear than the rest combined &

Elen Sentier grew up in a long family lineage of following the Deer Trods; in this book she tells of the old, forgotten ways of our ancestors. Through her own experience, stories, practical exercises and journeys with the deer, Elen takes you into the realm of the Boreal Forest, of which Britain is a part, to show how the Deer Goddess is the spirit of this land. To walk the deer trods is to realise how close and connected you are to nature and everything in this beautiful world which we share with our non-human brethren. You learn, too, that our everyday world and otherworld are intertwined. Elen of the Ways is both here and there at the same time. You will find her everywhere. ,

Years ago, the haunting of the Overlook Hotel nearly broke young Dan Torrance’s sanity, as his paranormal gift known as “the shining” opened a door straight into hell. And even though Dan is all grown up, the ghosts of the Overlook—and his father’s legacy of alcoholism and violence—kept him drifting aimlessly for most of his life. Now, Dan has finally found some order in the chaos by working in a local hospice, earning the nickname “Doctor Sleep” by secretly using his special abilities to comfort the dying and prepare them for the afterlife. But when he unexpectedly meets twelve-year-old Abra Stone—who possesses an even more powerful manifestation of the shining—the two find their lives in sudden jeopardy at the hands of the ageless and murderous nomadic tribe known as the True Knot, reigniting Dan’s own demons and summoning him to battle for this young girl’s soul and survival...
