

Pensar Como Los Mejores Guerreros

Juan Manuel Sánchez Valderrama

Pensar como los mejores guerreros Mark Divine, Allyson Edelhertz Machate, 2014-11-13 Una guía práctica para cualquiera que busque convertirse en un líder de élite en su propia vida. Vivimos en unos tiempos que se han definido con el acrónimo de origen militar VUCA, derivado de las palabras inglesas para volatilidad, incertidumbre, complejidad y ambigüedad. *Pensar como los mejores guerreros* describe cómo se preparan y cómo piensan los miembros del cuerpo de operaciones de élite más prestigioso del mundo: los Navy SEAL. En este libro el ex comandante Mark Divine expone las técnicas de control y concentración mental y los ejercicios que contribuyen a forjar la mente para alcanzar la fortaleza interior, la resiliencia emocional y la intuición práctica. De esta forma, el lector conseguirá reafirmar su meta, determinar sus objetivos más importantes y poner en marcha acciones concretas para conseguirlos. Este libro le enseñará a: o Liderar desde la primera línea, para que los demás estén dispuestos a seguirle. o Establecer su punto de referencia; es decir, la habilidad para concentrarse en un objetivo hasta alcanzar el éxito. o Actuar a la ofensiva todo el tiempo para evitar el miedo y las indecisiones. o Abandonar el pensamiento convencional de tal forma que no se sienta vulnerable en un contexto caótico. Reseñas: «No vayas a donde conduzca el camino; ve a donde no hay camino, y abre un sendero.» Ralph Waldo Emerson «Mark es mucho más que un miembro de los Navy SEAL porque tiene la capacidad de mostrarnos cómo ser uno de ellos en nuestra vida cotidiana.» Joe De Sena, fundador de Spartan Race « *Pensar como los mejores guerreros* es un plan claro y práctico para alcanzar el éxito personal, que incluye las tácticas y estrategias que le ayudarán a alcanzar sus objetivos y convertirse en la persona que realmente desea.» Howard Love, emprendedor y fundador de LoveToKnow.com «Este no es un libro de gestión más; es una combinación de conocimientos y aplicaciones prácticas de un hombre capaz de comprender el significado auténtico del liderazgo y la excelencia personal.» Carmine Di Sibio, socio gerente global de Servicios al cliente de Ernst & Young

Nineteen Eighty-Four George Orwell,2021-01-09 *Nineteen Eighty-Four: A Novel*, often published as 1984, is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, *Nineteen Eighty-Four* centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

On Combat Dave Grossman,Loren W. Christensen,2007 Looks at the effect of deadly battle on the body and mind and offers new research findings to help prevent lasting adverse effects.

Autodisciplina y liderazgo en la nueva normalidad Isidro Lapuente Álvarez,2020-06-13 La “Nueva Normalidad” es una realidad social nueva que será “Normal” en tanto en cuanto reconozcamos esa realidad como nuevo sistema social. Cuando aceptemos y asumamos del todo las nuevas normas de convivencia. Todo dependerá de la mayor aceleración en el proceso de normalización colectivo e individual de esta realidad social. No hay vuelta atrás y no vamos a volver a una realidad igual a la anterior. La “Nueva Normalidad” es tan distinta que no se trata de “volver”, sino de “ir”, y desde un estado personal positivo. Debemos sentir qué es “avanzar”, que estamos progresando a una situación agradable. La nueva realidad sólo será normal cuando la normalicemos, que significa maduración colectiva e individual por asimilación y adaptación a la nueva forma de convivencia en el espacio y en el tiempo con Autodisciplina y Liderazgo.

Secrets of the Millionaire Mind T. Harv Eker,2009-10-13 #1 New York Times, Wall Street Journal, and USA Today Bestseller! Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking Secrets of the Millionaire Mind, T. Harv Eker states: Give me five minutes, and I can predict your financial future for the rest of your life! Eker does this by identifying your money and success blueprint. We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. Secrets of the Millionaire Mind is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and revise it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen Wealth Files, which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get

rich too!

One Hundred Years of Solitude Gabriel García Márquez,2022-10-11 Netflix's series adaptation of One Hundred Years of Solitude premieres December 11, 2024! One of the twentieth century's enduring works, One Hundred Years of Solitude is a widely beloved and acclaimed novel known throughout the world and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. Rich and brilliant, it is a chronicle of life, death, and the tragicomedy of humankind. In the beautiful, ridiculous, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility, the variety of life, the endlessness of death, the search for peace and truth—these universal themes dominate the novel. Alternately reverential and comical, One Hundred Years of Solitude weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an account of the history of the human race.

The Isle of Stone Nicholas Nicastro, 2016-12-17 It is a tale of two cities--the legendary duel between haughty, democratic Athens and brutal, unbeaten Sparta. After seven years of bloody conflict, a barren island in a remote corner of Greece becomes the stage for what promises to become a second Thermopylae. Four hundred Spartan soldiers are cut off by enemy ships on a narrow strip of land, starving, without supplies, yet sworn to uphold their indomitable heritage. Meanwhile, all around them, the powerful Athenian Navy masses for the inevitable assault. As the war of nerves wears on, Spartan nobles and Athenian demagogues maneuver in the background--and two estranged Spartan brothers serve together for the first time. The eldest, Antalcidas, is a legendary warrior hobbled by a damaging secret. His brother Epitadas is envied, popular, and cruel. Together they must overcome a lifetime of hostility to survive the battle of their lives. With 'The Isle of Stone', Nicholas Nicastro joins the illustrious pedigree of Mary Renault, Valerio Massimo Manfredi and Steven Pressfield with great style and enormous panache. His hero's checkered life story is used to frame a dark and darkening history of Sparta between a hugely destructive natural disaster, a great earthquake in 464 BC, and a self-inflicted, man-made debacle during the prolonged and even more destructive Peloponnesian War. Nicastro knows his ancient sources intimately, but also has the born novelist's instinct to flesh out their bare bones all too plausibly. Nicastro's antiheroes of the isle of Sphacteria are the dark side of Pressfield's heroes in Gates of Fire: both demand and repay the attention of all lovers of expert historical fiction. --Paul Cartledge, Professor of Greek History, University of Cambridge, and author of Alexander the Great: The Hunt for a New Past From its explosive first pages, 'The Isle of Stone' draws you into the gritty reality of Sparta during the Peloponnesian War. Nicastro writes powerful prose, but this is no exercise in debunking. With drama, passion, and a sure touch for the facts, Nicastro reveals the heroism behind the humiliation of the shocking day when some of Sparta's unconquerable soldiers surrendered. His images of life and death under the Mediterranean sun hit you like the glare of a polished shield. --Barry Strauss, author of The Battle of Salamis: The Naval Encounter that Saved Greece - and Western Civilization and Professor of History and Classics, Cornell University Having brought John Paul Jones and Alexander the Great to life, Nicastro ('Empire of Ashes') turns his formidable skills as a historical novelist on an obscure episode in the Peloponnesian War, that almost three-decade conflict between Athens and Sparta, which he labels antiquity's 'war to end all wars.' The choice to have a narrow focus, rather than an all-encompassing epic sweep, proves a wise one, as it enables Nicastro to go into nitty-gritty detail about the lifestyles of Greece in 425 B.C., making the harsh Spartan attitudes, for example, comprehensible, if not

acceptable, to a modern sensibility. The author instills emotional depth in his three main characters-Damatria, a wealthy Spartan woman, and her two sons, Antalcidas and Epitadas-and the supporting cast through adept use of the telling descriptive phrase. The careful research and study that went into this book should enthrall fans of the classics, military history buffs and general readers. --Publisher's Weekly
