

Myth Of Iron Shaka In History

Richard J. Reid

Myth of Iron Dan Wylie,2006 Over the decades we have heard a great deal about Shaka, the famous - or infamous - of Zulu leaders. It may come as a surprise, therefore, that we do not know when he was born, nor what he looked like, nor precisely when or why he was assassinated. This book lays out the available evidence - mainly hitherto under-utilised Zulu oral testimonies.

Colonial Discourse and the Jesus-fiction of King Chaka Daniel M. Mengara,2024-09-05 Although Chaka is considered an African literary masterpiece, Thomas Mofolo has paradoxically been dismissed by critics as an author naively extolling the virtues of the white man's "civilizing mission" in Africa. Daniel M. Mengara's Colonial Discourse and the Jesus-fiction of King Chaka: How Thomas Mofolo's Chaka Turned the Zulu Monarch into a Messiah offers a rereading of Chaka to show that Mofolo in fact astutely deconstructs, and then reconstructs, Zulu king Chaka into a messianic figure whose life trajectory and destiny blasphemously mirror those of Jesus Christ. This volume avoids the pitfalls of the traditional "mission interpretations" of Chaka and provides an interpretative inflection that paints a more nuanced and balanced picture and understanding of Thomas Mofolo's fictional account of the mythologized historical figure. Mengara delves into the circumstances and controversies surrounding the publication of the novel and shows how Mofolo "Jesus-fied" King Chaka in a sly, yet sacrilegious ploy to subvert the colonial discourse and missionary ethos of his time. This book stands as a reassessment of Thomas Mofolo's often-ignored nationalism and calls for a rediscovery of Mofolo's work in ways that resituate him within the history of the African novel as the undisputed pioneer of engaged African literature.

Historical Dictionary of the Zulu Wars John Laband,2009-05-18 Between 1838 and 1888 the recently formed Zulu kingdom in southeastern Africa was directly challenged by the incursion of Boer pioneers aggressively seeking new lands on which to set up their independent republics, by English-speaking traders and hunters establishing their neighboring colony, and by imperial Britain intervening in Zulu affairs to safeguard Britain's position as the paramount power in southern Africa. As a result, the Zulu fought to resist Boer invasion in 1838 and British invasion in 1879. The internal strains these wars caused to the fabric of Zulu society resulted in civil wars in 1840, 1856, and 1882-1884, and Zululand itself was repeatedly partitioned between the Boers and British. In 1888, the old order in Zululand attempted a final, unsuccessful uprising against recently imposed British rule. This tangled web of invasions, civil wars, and rebellion is complex. The Historical Dictionary of

the Zulu Wars unravels and elucidates Zulu history during the 50 years between the initial settler threat to the kingdom and its final dismemberment and absorption into the colonial order. A chronology, an introductory essay, a bibliography, maps, photos, and over 900 cross-referenced dictionary entries that cover the military, politics, society, economics, culture, and key players during the Zulu Wars make this an important reference for everyone from high school students to academics.

Shaka Dan Wylie, 2011 Informative and portable, this guide offers a brief yet lively introduction to the life and reign of Shaka Zulu, the most influential leader of South Africa's Zulu Kingdom. As it challenges the previous historiography of the early king, this account reassesses the white resources and delves into a large body of previously-neglected Zulu historical records. Revealing a complex, tough leader—who was neither illegitimate nor sexually deviant, neither mass murderer nor seamlessly successful military genius—this handbook sheds light on the existing myths surrounding Shaka and reconsiders his place in South African history.

African Perspectives of King Dingane kaSenzangakhona Sifiso Mxolisi Ndlovu, 2017-08-06 This book examines the active role played by Africans in the pre-colonial production of historical knowledge in South Africa, focusing on perspectives of the second king of amaZulu, King Dingane. It draws upon a wealth of oral traditions, izibongo, and the work of public intellectuals such as Magolwane kaMkhathini Jiyane and Mshongweni to present African perspectives of King Dingane as multifaceted, and in some cases, constructed according to socio-political formations and aimed at particular audiences. By bringing African perspectives to the fore, this innovative historiography centralizes indigenous African languages in the production of historical knowledge.

The Creation of the Zulu Kingdom, 1815-1828 Elizabeth A. Eldredge, 2014-10-30 This scholarly account traces the emergence of the Zulu Kingdom in South Africa in the early nineteenth century, under the rule of the ambitious and iconic King Shaka. In contrast to recent literary analyses of myths of Shaka, this book uses the richness of Zulu oral traditions and a comprehensive body of written sources to provide a compelling narrative and analysis of the events and people of the era of Shaka's rule. The oral traditions portray Shaka as rewarding courage and loyalty and punishing failure; as ordering the targeted killing of his own subjects, both warriors and civilians, to ensure compliance to his rule; and as arrogant and shrewd, but kind to the poor and mentally disabled. The rich and diverse oral traditions, transmitted from generation to generation, reveal the important roles and fates of men and women, royal and subject, from the perspectives of those who experienced Shaka's rule and the dramatic emergence of the Zulu Kingdom.

Kingdoms and Chiefdoms of Southeastern Africa Elizabeth A. Eldredge, 2015 History and oral traditions in southeastern Africa -- Oral traditions in the reconstruction of southern African history -- Shipwreck survivor accounts from the sixteenth and seventeenth centuries -- Founding families and chiefdoms east of the Drakensberg -- Maputo Bay peoples and chiefdoms before 1740 -- Maputo Bay, 1740-1820 -- Eastern chiefdoms of southern Africa, 1740-1815 -- Zulu conquests and the

King Shaka, 2019-06 Shaka struggles to retain power as challenges at home and from across an ocean threaten his new rule.

Dr Philip's Empire Tim Keegan, 2016-05-01 Dr John Philip towered over nineteenth-century South African history, championing the rights of indigenous people against the growing power of white supremacy, but today he is largely forgotten or misremembered. From the time he arrived in South Africa as superintendent of the London Missionary Society in 1819, Philip played a major role in the idealist and humanitarian campaigns of the day, fighting for the emancipation of slaves, protecting the Khoi against injustice, and opposing the dispossession of the Xhosa in the Eastern Cape. A fascinating picture of South Africa and the British Empire during a time of great change, *Dr Philip's Empire* documents Philip's encounters with Dutch colonists, English settlers and indigenous South Africans, his never-ending battles with fellow missionaries and colonial authorities, and his lobbying among the powerful for indigenous people's civil rights. A controversial and influential figure, Philip was considered an interfering radical subversive by believers in white superiority, but he has been labelled a condescending, hypocritical 'white liberal' in a more modern age. This book seeks to revive him from these judgements and to recover the real man and his noble but doomed struggles for justice in the context of his times.

Grappling With the Beast Peter Limb, Norman A. Etherington, Peter Midgley, 2010-01-01 This volume contributes rich, new material to provide insights into indigenous responses to the colonial empires of Great Britain (South Africa, Swaziland, Botswana, Zimbabwe (Rhodesia)) and Germany (Namibia) and explore the complex intellectual, cultural, literary, and political borders and identities that emerged across these spaces. Contributors include distinguished global scholars in the field as well as exciting young scholars. The essays link global-national-local forces in history by analysing how indigenous elites not only interacted with colonial empires to absorb, adapt and re-cast new ideas, forms of discourse, and social formations, but also networked with ordinary people to forge new social, ethnic, and political identities and viable social forces. Translated and other primary texts in appendices add to the insights.

The Oxford Handbook of Modern African History John Parker, Richard Reid, 2013-10 Provides the latest insights into, and interpretations of, the history of Africa

The African Revolution Richard Reid, 2025-01-28 A panoramic global history of Africa in the age of imperialism Africa's long nineteenth century was a time of revolutionary ferment and cultural innovation for the continent's states, societies, and economies. Yet the period preceding what became known as "the Scramble for Africa" by European powers in the decades leading up to World War I has long been neglected in favor of a Western narrative of colonial rule. *The African Revolution*

demonstrates that the Scramble” and the resulting imperial order were as much the culmination of African revolutionary dynamics as they were of European expansionism. In this monumental work of history, Richard Reid paints a multifaceted portrait of a continent on the global stage. He describes how Africa witnessed the emergence of new economic and political dynamics that were underpinned by forms of violence and volatility not unlike those emanating from Europe. Reid uses a stretch of road in what is now Tanzania—one of the nineteenth century’s most vibrant commercial highways—as an entry point into this revolutionary epoch, weaving a broader story around characters and events on the road. He integrates the African experience with new insights into the deeper currents in European societies before and after conquest, and he shows how the Africans themselves created opportunities for European expansion. Challenging the portrayal of Africa’s transformative nineteenth century as a mere prelude to European colonialism, *The African Revolution* reveals how this turbulent yet hugely creative era for Africans intersected with global intrusions to shape the modern age.

A History of Modern Africa Richard J. Reid, 2020-01-09 The new, fully-updated edition of the acclaimed textbook covering 200 years of African history *A History of Modern Africa* explores two centuries of the continent’s political, economic, and social history. This thorough yet accessible text help readers to understand key concepts, recognize significant themes, and identify the processes that shaped the modern history of Africa. Emphasis is placed on the consequences of colonial rule, and the links between the precolonial and postcolonial eras. Author Richard Reid, a prominent scholar and historian on the subject, argues that Africa’s struggle for economic and political stability in the nineteenth century escalated and intensified through the twentieth century, the effects of which are still felt in the present day. The new third edition offers substantial updates and revisions that consider recent events and historiography. Greater emphasis is placed on African agency, particularly during the colonial period, and the importance of the long-term militarization of African political culture. Discussions of the postcolonial period have been updated to reflect recent developments, including those in North Africa. Adopting a long-term approach to current African issues, this text: Explores the legacies of the nineteenth century and the colonial period in the context of the contemporary era Highlights the role of nineteenth century and long-term internal dynamics in Africa’s modern challenges Combines recent scholarship with concise and effective narrative Features maps, illustrations, expanded references, and comprehensive endnotes *A History of Modern Africa: 1800 to the Present, 3rd Edition* is an excellent introduction to the subject for undergraduate students in relevant courses, and for general readers with interest in modern African history and current affairs.

God's Interpreters: The Making of an American Mission and an African Church Les Switzer, 2023 This book offers an alternative reading of the relationship between an American mission and an African church in colonial South Africa. The author argues that mission and church were partners in this relationship from the beginning and both were transformed by this experience.

BULLSHIT Jonathan Ancer,2024-03-04 An outrageous miscellany of serious and light-hearted lies, myths, untruths, fibs and fabrications that tells the tall tale of South Africa. The fibs come thick and fast, like a burst sewerage pipe: • Why everything we've learnt about Shaka Zulu, 'Africa's Napoleon', is a pack of lies. • Back in the darkest of ages (the 1970s!), citizens were told that there were satanic messages if you played some of The Beatles songs backwards. • National icon Hansie Cronje was a paragon of virtue, and integrity ... until he wasn't. • President Nelson Mandela told us that we, as a nation, were 'special'. Turns out we aren't. Whether a fabulous fib, an artful con, a doctor's spin, or simply a bald-faced lie, there's something for everyone.

Anglo-Zulu War, 1879 Harold E. Raugh,2011-06-01 The Anglo-Zulu War was one of many colonial campaigns in which the British Army served as the instrument of British imperialism. The conflict, fought against a native adversary the British initially under-estimated, is remarkable for battles that included perhaps the most humiliating defeat in British military history-the Battle of Isandlwana, January 22, 1879-and one of its most heroic feats of martial arms-the defense of Rorke's Drift, January 22-23, 1879. While lasting only six months, it is one of the most examined, studied, and debated conflicts in Victorian military history. *Anglo-Zulu War, 1879: A Selected Bibliography* is a research guide and tool for identifying obscure publications and source materials in order to encourage continued original and thought-provoking contributions to this popular field of historical study. From the student or neophyte to the study of the Anglo-Zulu War, its battles, and its opponents to the more experienced historian or scholar, this selected bibliography is a must for anyone interested in the 1879 Anglo-Zulu War.

Chaka Thomas Mofolo,2023-12-01 Thomas Mofolo's final novel and masterpiece, Chaka captures the phenomenal rise and fall of the great Zulu king. One of the earliest modern literary classics from Southern Africa, Chaka, is the tragic tale of a warrior-king and his insatiable hunger for power. Told in a mythic style, Chaka follows the torments of the Zulu king's early life, his rapid ascension to the throne, and the prophesied events that lead to his downfall. 'Chaka is a beautifully dark and twisted take on the true life story of the Zulu King ... built around one of the most enigmatic and memorable literary figures you'd ever encounter.' Ainehi Edoro

The Cambridge History of Terrorism Richard English,2021-05-20 An accessible, authoritative history of terrorism, offering systematic analyses of key themes, problems and case studies from terrorism's long past.

The Cambridge World History of Genocide Ned Blackhawk,Ben Kiernan,Benjamin Madley,Rebe Taylor,2023-05-04 Volume II documents and analyses genocide and extermination throughout the early modern and modern eras. It tracks their global expansion as European and Asian imperialisms, and Euroamerican settler colonialism, spread across the globe before the Great War, forging new frontiers and impacting Indigenous communities in Europe, Asia, North America, Africa, and Australia. Twenty-five historians with expertise on specific regions explore examples on five continents, providing

comparisons of nine cases of conventional imperialism with nineteen of settler colonialism, and offering a substantial basis for assessing the various factors leading to genocide. This volume also considers cases where genocide did not occur, permitting a global consideration of the role of imperialism and settler-Indigenous relations from the sixteenth to the early twentieth centuries. It ends with six pre-1918 cases from Australia, China, the Middle East, Africa, and Europe that can be seen as 'premonitions' of the major twentieth-century genocides in Europe and Asia.
